

Technology Forum 2025

Perth | June and November 2025

Sponsorship Prospectus

Join the Future

In 2024, AusIMM successfully launched the **Technology Forum – Innovations for a Sustainable Mining Future**, bringing together over 100 industry leaders, innovators, and decision-makers to explore technologies shaping a more sustainable mining sector.

Thanks to strong industry support, the forum will return in 2025 in, June and November, providing even more opportunities for you to showcase your technology and participate in this crucial discussion about the future of our industry.

Showcase your innovation through a case study presentation, demonstrating how your technology is transforming sustainable mining practices while delivering valuable insights to attendees.

Sponsors also participate in a discussion panel, offering a platform to engage with experts, share expertise, and drive thought leadership on technological advancements in mining sustainability.

Furthermore, sponsorship includes a designated sponsor meeting area, providing an ideal setting to engage directly with key decision-makers and stakeholders from the mining industry. This space offers an invaluable opportunity to forge new partnerships, showcase your technology in-depth, and explore potential collaborations with industry leaders.

Take advantage of this unparalleled opportunity to actively influence the future of our industry and join us at AusIMM's Technology Forum in 2025.

ABOUT AUSIMM

AusIMM is the peak body and trusted voice for people working in the resources sector.

We shape careers, showcase leadership, create communities, uphold industry standards and champion diversity.

Representing a global community from 100 countries, we are committed to supporting the careers of professionals working in the mining industry.

AusIMM was named 2024 Association of the Year for demonstrating its impact on the global resources sector through providing world-class professional development and connection for our thriving community of members and resources professionals.

Why get involved

We invite your organisation to join us for AusIMM's 2025 Technology Forum.

THOUGHT LEADERSHIP

Gain visibility and recognition as a thought leader in sustainable mining technology.

STRATEGIC ENGAGEMENT

Engage directly with industry decision-makers, fostering meaningful connections and creating growth opportunities.

SHOWCASE YOUR TECHNOLOGY

Showcase the application of your technology as a leading case study, highlighting innovation and promoting sustainability in mining.

SHAPE THE FUTURE

Contribute to thought-provoking discussions and shape the future of sustainable mining practices.

Who attended?

In October 2024, AusIMM hosted its first ever Technology Forum with leading METS organisations to explore the cutting-edge technologies shaping the future of our industry.

The theme of the forum was 'Innovations for a Sustainable Mining Industry', and attendees heard from five industry speakers.

The Forum was a great success in showcasing the high-tech, sophisticated future of the resources sector.
