2023 Mentoring Program

The **Women in Mining Network of Victoria** (WIMnet Vic) are pleased to announce the 2023 mentoring program is running again this year.

The program is designed to support Victorian women and will provide mentees with a low-cost yet semi-structured opportunity to connect with senior members of the industry.

The program includes a mid-year leadership seminar that will provide professional and personal development support.

Expressions of interest are now sought from both mentees and mentors.

Mid Program Leadership Seminar

Coaches

LISA CUTLER

Lisa is the Founder and Director of Cutler Coaching Pty Ltd and Founder of The Butterfly Program, a highly successful personal and professional development program for women. Lisa is a certified Coach and Practitioner of NLP, a certified Life Coach and Advanced Practitioner of Coach Mastery.

Lisa delivers advice, stories, strategies and tools to assist with leadership skills, personal mastery and career progression. She will work with you to provide an outstanding session that exceeds the expectations of your audience and adds significant value to your conference or organisation.

AMANDA BLESING

Mentor, trainer, speaker and author. Approximately 25 years ago Amanda Blesing started to work her way through the ranks of association management, with her last role as Chief Executive Officer of SOCAP Australia. And while she has a strong understanding of how to turn an organisation around, her expertise and passion remains in designing programs that help women to lead and succeed.

As the creator of The Ambition Revolution program, she currently speaks with, and consults to, busy and ambitious professionals. What really switches her on is seeing these individuals step up, speak out and take charge - of their roles, careers, aspirations and their communities.
