

Consultants Society Forum 2025: Consulting - A 360 Perspective

Speaker: John Dunlop - Founding Director & Principal Consultant, John S Dunlop & Associates Pty Ltd

Topic: Aging consultants – the grey tsunami – what are the opportunities?

Abstract: John began his consulting firm in 1992 after many years in operations. He will talk initially about his pathway into consulting, some suggested roles and pre-requisites for consulting and how, as the years passed, the consulting roles changed, as complexity and experience increased.

He will then expand on this theme, illustrating it with examples of consulting areas requiring specialised skills or a greater level of professional experience. He will complete his presentation with some options relevant to a consulting career when it is approaching retirement.

As part of the grey tsunami himself, John will invite discussion on the opportunity to bring together resources veterans who are rapidly retiring and new professionals & consultants.
