Iron Ore | Open Pit Operators 2026

Sponsorship and
Exhibition Prospectus

Perth, Australia
23–25 June

Unparalleled conference experience

In 2026, AusIMM is excited to announce the return of both Iron Ore and Open Pit Operators Conferences which will be held concurrently with a shared exhibition.

The Iron Ore and Open Pit Operators conferences will feature dedicated conference streams exploring the latest developments in the genesis, geology, exploration, mining and processing of iron ores, bringing solutions to address the carbon footprint of iron and steel mining.

For delegates, this event offers an unparalleled conference experience, with the ability to attend both conferences in one. The expanded format means more networking opportunities, a larger exhibition to explore, and a significantly enhanced technical program that covers the latest developments in the industry.

A wide-angle photograph of a large conference hall. The audience, consisting of many professionals, is seated in rows of red chairs, facing a stage. On the stage, a woman in a red dress is speaking at a podium. The floor of the stage has the AusIMM logo and the text 'CRITICAL MINERALS' and 'TECHNICAL CONFERENCE' printed on it. The lighting is dim, with spotlights on the stage.

Leading provider of technical conferences

Introducing AusIMM

AusIMM is the peak body and trusted voice for professionals in the resources sector. We advance careers, inspire leadership, uphold standards and connect communities.

In recognition of our global impact, AusIMM was named the 2024 Association of the Year.

For nearly 50 years, AusIMM has delivered world-class technical conferences to the mining industry.

Our conferences are renowned for showcasing cutting-edge innovation and industry best practices, while offering exceptional opportunities for networking, knowledge sharing, skills development and business growth.

“

AusIMM is proud to deliver world-class conferences that bring our global community together to connect, learn and share.

Stephen Durkin, FAusIMM
AusIMM CEO

”

CSIRO. Unlocking a better future for everyone

Introducing CSIRO

As Australia's national science agency and innovation catalyst, CSIRO solves the greatest challenges through innovative science and technology.

CSIRO's Mineral Resources Research Unit is one of the largest minerals research and development groups in the world with a proud track record of industry innovation. We partner with industry, government and the research sector to deliver world-leading research and development solutions across the minerals value chain in mineral exploration, efficient mining, and sustainable operations.

We apply our expert knowledge and specialised research to deliver breakthrough innovation that solves the challenging, complex problems faced by minerals companies, mining equipment, technology and services (METS) companies, government, and other industry stakeholders.

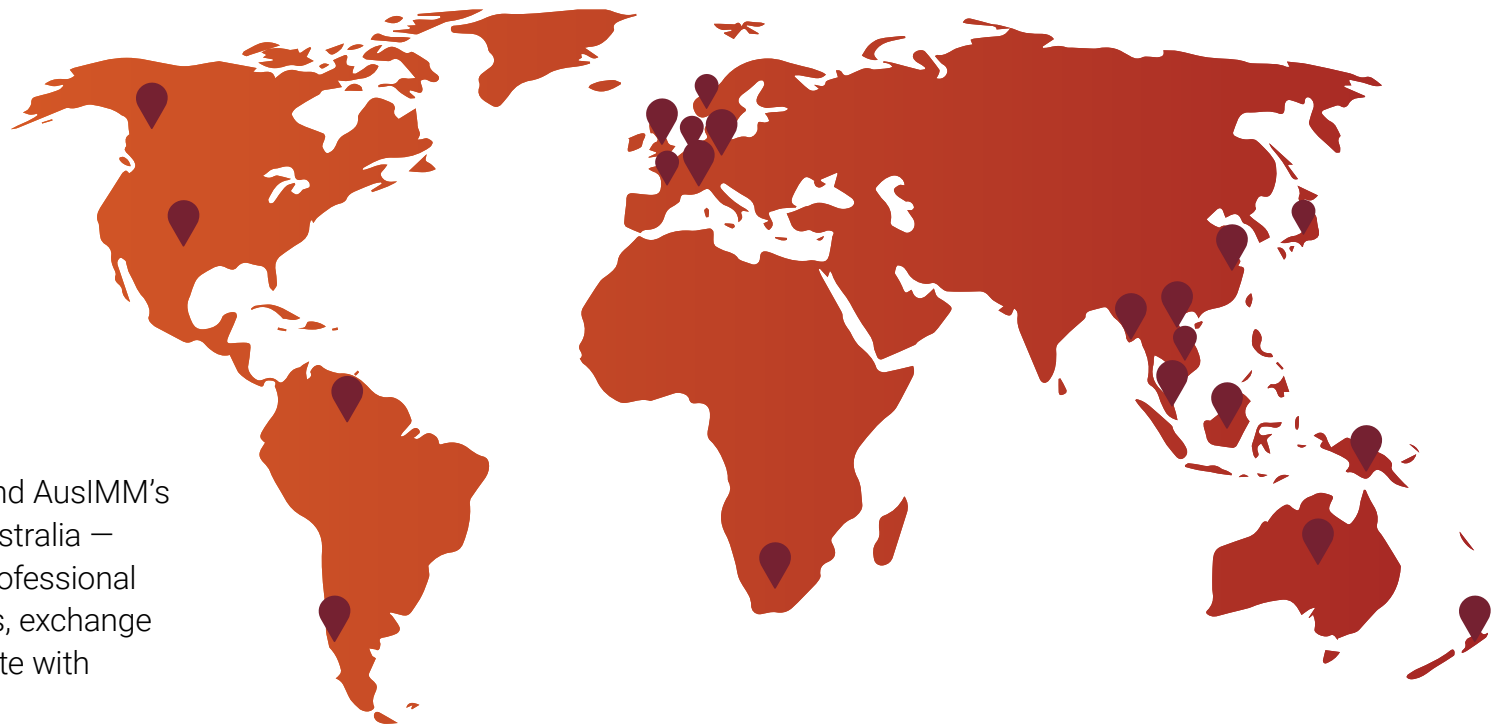

CSIRO. Your science and technology partner in business.

Global audience

With more than 15,000 engaged members and a conference database of over 60,000 mining professionals worldwide, AusIMM offers access to a highly targeted and influential audience. As a sponsor or exhibitor, your organisation will benefit from premium brand exposure on a truly global stage.

A significant number of delegates attend AusIMM's technical conferences from outside Australia — not only to continue their accredited professional development, but also to share insights, exchange ideas, build relationships and collaborate with industry professionals at all levels.
