

Technology Forum 2026

Perth | April 16 and July 22

Brisbane | May 21 and November 11

Sponsorship Prospectus

Join the Future

The AusIMM Technology Forum has rapidly evolved into an important industry platform for driving the sustainable future of mining. We move beyond general discussion to deliver targeted, high-impact engagement focused on actionable technology solutions.

From a successful single event in 2024 to three major forums in 2025 (engaging 300+ attendees from 80+ mining companies), the series expands in 2026 to four strategic forums across Perth and Brisbane. This growth reflects the industry's urgent need for practical innovation and strategic partnerships.

Strategic Value for Technology Partners

The 2026 Technology Forum is an exclusive platform designed for high-level business development and demonstrated expertise.

- **Own the Narrative:** Deliver a high-impact case study presentation demonstrating the measurable value of your technology in advancing sustainable mining practices. Position your organisation as an essential solution provider.
- **Drive Thought Leadership:** Participate in a curated Expert Discussion Panel alongside key industry decision-makers. This is your platform to influence the strategic debate, share deep expertise, and shape the direction of mining technology adoption.
- **Fast-Track Partnerships:** Utilise your designated Sponsor Meeting Area to engage with senior-level stakeholders and potential clients.

Join us to actively influence the industry's technology roadmap, accelerate the energy transition, and transform the future of Australian mining. Secure your strategic opportunity at the AusIMM Technology Forum in 2026.

ABOUT AUSIMM

AusIMM is the peak body and trusted voice for people working in the resources sector.

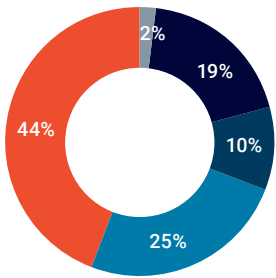

We shape careers, showcase leadership, create communities, uphold industry standards and champion diversity.

Representing a global community from 100 countries, we are committed to supporting the careers of professionals working in the mining industry.

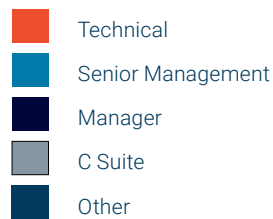

AusIMM was named 2024 Association of the Year for demonstrating its impact on the global resources sector through providing world-class professional development and connection for our thriving community of members and resources professionals.

Who attends?

The audience that have previously attended the Technology Forum represents roles that are involved in the research, purchasing decision and application of technological innovation in their organisation's mining project. These roles include mine managers, procurement managers, innovation and technology managers, senior technical services, senior geologists, senior metallurgists and asset managers.
