

AusIMM

2025 Highlights

Welcome from the President and CEO

Chris Carr
FAusIMM(CP)
President

Stephen Durkin
FAusIMM
CEO

We are delighted to share AusIMM's 2025 highlights and celebrate the outstanding contributions of many members across our special community. Our shared commitment to professional excellence in resources has seen AusIMM grow our reach and impact all over the world.

Connecting communities

We welcomed a record 3,100 new members and now represent over 16,000 resources professionals, including 500 long-standing members who have been part of AusIMM for more than 50 years. We also welcomed more than 1000 Student members embarking on exciting careers in the resources sector.

Advancing careers

We advanced careers through five major technical conferences, including our Underground Operators Conference – the largest in AusIMM history. We expanded our range of online courses, with more than half our participants joining from outside Australia. Our Communities of Interest delivered 400 events, sharing knowledge and building connections through technical talks, webinars, lecture series and local conferences.

Upholding standards

We reinforced our role as the Trusted Voice through upholding standards and advancing best practice for the benefit of professionals and communities. Our partnership with the Queensland Government strengthened ESG capability, and we led influential conversations with industry, universities and government on critical topics through our new Policy Forums.

Inspiring leadership

We delivered our largest ever International Women's Day Event Series, driving positive change towards a more diverse, equitable and inclusive industry. We also launched a new event with Austmine, the Global Resources Innovation Expo, as an international showcase of Australia's world-class mining and METS sector.

Thank you for your support in 2025. We wish you and your loved ones a safe and enjoyable festive season, and look forward to an exciting and impactful 2026.
