Dear [Manager's Name],

I'm interested in participating as a mentee in AusIMM's Mentoring Program, which runs from March to December 2027.

I believe the program will significantly support my professional growth by providing structured guidance, new perspectives, and the opportunity to further develop my skills and industry knowledge through a one-on-one mentoring relationship.

AusIMM is the peak body for people working in the resources sector, delivering a diverse range of professional development opportunities year-round. The Mentoring Program is a key part of this, supporting professionals at all career stages to learn, grow and connect across the industry.

The program is delivered online via a dedicated platform, matching mentors and mentees based on their goals and experience. As a mentee, I'll meet with my mentor monthly and complete short online training modules – approximately 3-4 hours of engagement per month.

The total cost for my participation in the 9-month program would be:

(Delete rate where applicable)

- $1,000 + GST AusIMM member
- $1,266 + GST Mentee/Member Bundle (includes mentee fee and AusIMM Associate membership for 12 months)
- $1,500 + GST AusIMM non-member

I am confident that the program will be a valuable investment helping me strengthen my professional capabilities and set clear goals for continued growth in the mining industry. By enhancing my skills and insight, I hope to contribute greater value to the company through improved performance.

Sincerely,

[Your Name]
