2022 WIMnet Vic Mentoring Program

Expressions of Interest Now Open for Mentors and Mentees

The Women in Mining Network of Victoria (WIMnet Vic) is pleased to announce the 2022 Mentoring Program.

The program is designed to support Victorian women and will provide mentees with a low-cost yet semi-structured opportunity to connect with senior members of the industry. The program includes a mid-year leadership seminar that provides professional and personal development support.

Expressions of interest are now sought from both mentees and mentors.

Expressions of Interest closes to Monday 16 May 2022
